20150417 EPA Requested GIS mapping files.zip

Stephanie:

The attached a zip file (renamed .zap) contains the subsurface Mercury mapping polygons requested by EPA. As in the previous transmittals, this zip file contains the transmittal letter, a table listing the files in this transmittal, a geodatabase of the GIS layers, and a readme file describing the GIS layers.

Please contact Alyssa or me with any questions.

Thank you.
